February 14, 2017

City of South Miami
South Miami, Florida

We have completed an inventory and reconciliation of certain property exhibited to us as that of the City of South Miami located in South Miami, Florida, and submit our findings in this report.

We issued our original Fixed Asset Inventory and Reconciliation Report on January 23, 2017, and a revised report on February 9, 2017. This second revised report was required to remove asset ID 2650 and 2664 and to increase the historical cost of asset ID 2667 to \$345,975.00.

Purpose of the Engagement

The purpose of this engagement was to provide the City of South Miami updated fixed asset accounting records for internal accounting control and financial reporting as of September 30, 2016. Accordingly, this report is invalid if used for any other purpose.

The City of South Miami is the sole intended user of Duff & Phelps' report or other work product. The City of South Miami may disclose an informational copy of the report or other work product to its audit professionals acting in an advisory capacity in connection with the purpose of this engagement. The City of South Miami shall not reference Duff & Phelps or its work in any public filing or other materials distributed to actual or prospective shareholders, investors, financing parties, or similar third parties without Duff & Phelps' prior written consent.

Engagement Scope

Duff & Phelps completed an inventory and tagging of the identified fixed assets located at these facilities on November 29, 2016.

The inventory was limited to those assets classified as buildings with a unit cost historical cost of \$50,000 or greater, land improvements and intangible assets with a unit historical cost of \$25,000 or greater, fixed equipment, infrastructure with a unit historical cost of \$250,000 or greater, and machinery and equipment with a unit historical cost of \$5,000 or greater for GASB 34 purposes. We also inventoried machinery and equipment with a unit historical cost greater than \$1,000 but less than \$5,000 for property management and control purposes. All other asset classifications were excluded from the inventory.

At the request of the City of South Miami, our report and exhibits include certain assets that were not subject to our inventory procedures, but were included based on information provided by the City of South Miami. These assets include land, land improvements, intangible assets, infrastructure, buildings, fixed equipment, and machinery and equipment.

Effective Date of Report

This report as of September 30, 2016, is based upon our inspection as of November 29, 2016.

Definition of Historical Cost

Historical cost is defined by Generally Accepted Accounting Principles (GAAP) as the amount of cash, or its equivalent, paid to acquire an asset.

Scope of Work

We reconciled the inventory to the fixed asset accounting records maintained by the City of South Miami. If included in the City of South Miami's fixed asset accounting records, we utilized the historical cost, acquisition date, and useful life for the property identified during our inventory procedures. Those assets included in the fixed asset accounting records that were not located during the inventory are identified as unrecorded retirements. For assets that were identified during our inventory procedures that were not included in the City of South Miami's fixed asset accounting records (unrecorded additions), the unit's acquisition date was estimated based on the manufacturer's model and serial number, age of facility, observed condition, and other factors. The determination of historical cost of the unrecorded additions was based on standard costing and normal costing techniques. These cost approaches are defined as follows:

- Standard costing is a procedure used to estimate the historical cost of an asset by comparing it with the known average installed cost of an identical or similar unit at the estimated installation date of the subject identified fixed assets.
- Normal costing is a procedure used to estimate the historical cost of an asset by estimating the replacement cost new and reverse trending it back to the date of acquisition.

We did not perform any procedures to identify the purchase, disposal, transfer, or movement of items between the reporting date of September 30, 2016, and the completion of our inventory procedures on November 29, 2016. Although inventoried, those assets with an acquisition date after September 30, 2016, are not included in the report.

Depreciation methods and conventions for property accounting, which are consistent with the methodology employed by the City of South Miami, were applied based on the historical costs, useful lives, and dates of acquisition. The straight-line/unrecovered cost method was used to calculate full year's depreciation in the year of acquisition and full year of depreciation in the fiscal year of expiration.

Useful lives were either provided by the City of South Miami or determined by Duff & Phelps based on generally accepted useful lives for the different classes and types of assets.

Conclusion

Our conclusions, as of September 30, 2016, of the historical cost, accumulated depreciation, and net book value are as follows:

Description	Historical Cost (\$)	Accumulated Depreciation (\$)	Net Book Value (\$)
Assets subject to the inventory procedures	79,547.92	4,149.88	75,398.04
Information provided by the City of South Miami	53,470,953.03	14,568,807.01	38,902,146.02
Total	53,550,500.95	14,572,956.89	38,977,544.06

This report and our conclusions are subject to the attached assumptions and limiting conditions.

Respectfully submitted,

DUFF & PHELPS, LLC

No third party shall have the right of reliance on this report, and neither receipt nor possession of this report by any third party shall create any express or implied third-party beneficiary rights.

Assumptions and Limiting Conditions

Unless otherwise stated in the report, the following assumptions and limiting conditions apply to the service performed:

- **Information Relied Upon from Others**

During this engagement, we accepted, without verification, financial and other information provided by management or its representatives, as fully and correctly reflecting business conditions and operating results. This information may also include or relate to the value or condition of equipment, real estate, and investments used in the business, and any other assets or liabilities. In accordance with the American Institute of Certified Public Accountants' standards, we have not been engaged to review or examine such information. Accordingly, we do not express an opinion of, or any assurance about, the information.

Any third-party information utilized in our analysis was obtained from sources we believe to be reliable. However, we make no representation as to the accuracy or completeness of such information and have not verified it.

Our acceptance and use of management's forecasts of financial results and asset usage do not ensure such estimates can be achieved, because industry or company factors may not occur as forecasted. Differences between forecasted and actual results may be material and depend on management's choices, plans, and assumptions.

- **Valid Title**

No investigation was made of the title to or any liabilities against the property identified in the report. We assumed that all property rights are valid and marketable and that no encumbrances exist that cannot be cleared through normal processes.

- **Report Purpose and Use**

This report and the associated opinions or conclusions are only for the specific purpose and use stated in the report, and they are invalid for any other purpose and use.

We are committed to supporting our opinion and this report. However, we are not required to give testimony or attend hearings or depositions, unless compensation arrangements for such additional services have been made.

- **Effective Date**

The opinions or conclusions stated in this report are based on facts and market conditions known as of the specific effective date stated in this report and are only valid as of that date. Events and conditions occurring after that date were not considered, and we have no obligation to update our report for such events or conditions.

- **No Publication and No Third-Party Rights**

No portion of this report may be published or given to any third parties without the prior written consent of Duff & Phelps. No third party shall have the right of reliance on this report, and neither receipt nor possession of this report by any third party shall create any express or implied third-party beneficiary rights.

- **Property Description**

Any property areas, sizes, dimensions, or descriptions in this report are included for identification purposes only and should not be used in a conveyance or other legal document. We did not verify the property areas, sizes, dimensions, or descriptions used in this analysis.

Any plat in this report is intended only as a visual aid regarding the property and its environment and should not be considered a survey or scaled to size.

- **Regulation Compliance**

We assumed that the property has been responsibly managed; all applicable governmental regulations, including zoning and use regulations and restrictions, have been complied with; and all required licenses and permits have been or can be obtained or renewed for the use that is relevant to this analysis. Further, we assumed that the improvements, as well as the utilization of the land and improvements, are within the boundaries of the property described and that no encroachment or trespass exists.

We made no effort to determine any possible effects of future federal, state, or local legislation, including any environmental matters, on the subject business or property.

Certificate of Consultant

I certify that, to the best of my knowledge and belief,

- The statements of fact contained in this report are true and correct. I have not knowingly misrepresented any facts or information that would have an impact on my opinions or conclusions.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and represent my impartial and unbiased professional analyses, opinions, and conclusions and those of Duff & Phelps.
- Duff & Phelps and I personally have no present or prospective interest in or bias with respect to the property that is the subject of this report and have no personal interest or bias with respect to the parties involved.
- Members of my appraisal staff have made an inspection of the real and personal property that is the subject of this report; I have not made an inspection of the property.
- Jayson Abraham provided significant assistance. No other individuals had any significant professional input in this report.
